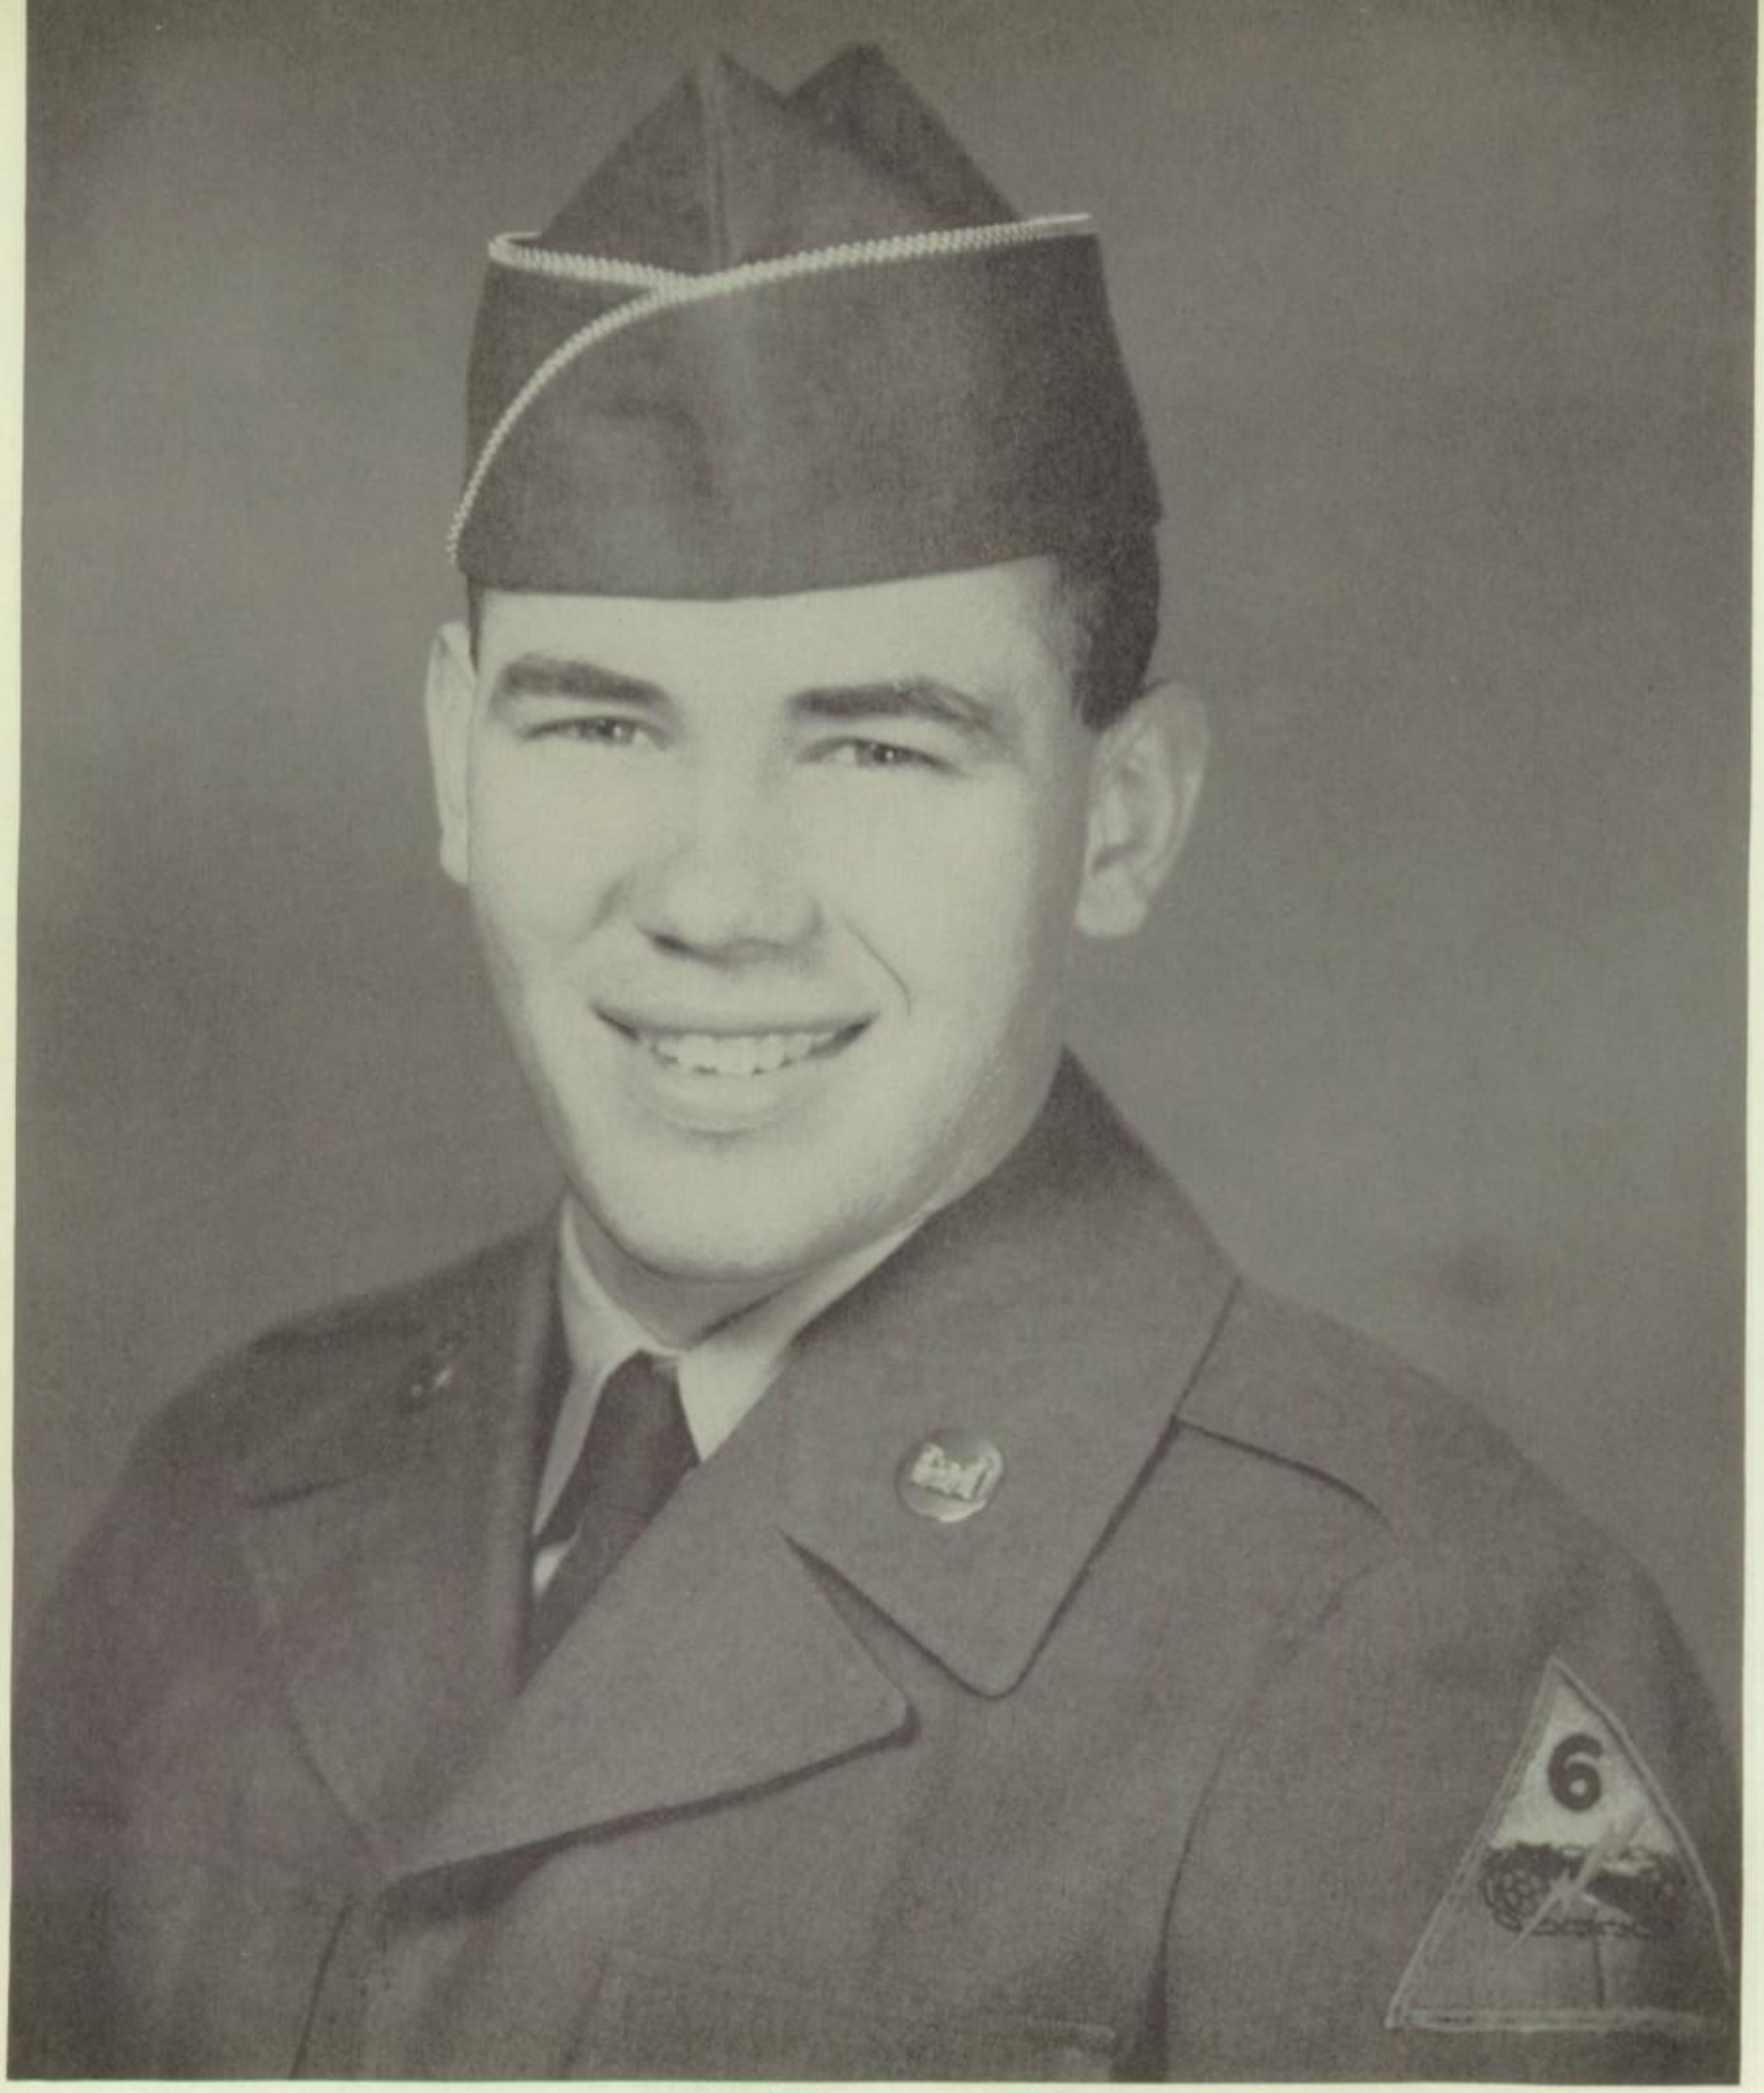
The Senior Class of New Winchester High School, of the year 1956, deditate this, the WARRIOR, to our sponsor, Mrs. Bowman. During the four years that she has been with us, she has spurred us on to our maximum efforts and guided us through all our troubles, as sponsor, teacher, and friend.

The Senior Class of 1956



I N M E M O R I A M

This page is dedicated in loving memory of Bill Owens.

Bill first came to this school when he was in the eighth grade. He participated in all sports while he was in high school and graduated with twelve bars. Bill graduated with the class of "54". He was a member of the New Winchester Christian Church and made many friends while in this community. He joined the army on July 22, 1954. Bill died on February 6, 1955, in an automobile accident while returning to Fort Leonard Wood, Missouri, where he was stationed.

His friendly smile and greeting are sadly missed by all who knew and loved him.

S E N I O R C L A S S H I S T O R Y

Brimming over with a thirst for knowledge, but a little scared too, we, twenty-one little boys and girls, tremulously entered the New Winchester school building in September, 1944. There we met our first teacher, Miss Lena Goodwin, who soon dispelled all our fears and gave us a good start on the road of knowledge.

In the second grade we were under the able direction of Miss Jean Shelton and learned the fundamentals of reading, writing, and arithmetic. That year we gained Gerald and Janice Anderson, Jackie Mendenhall Marie Mays, and Sandra Murphy; however Sandra Bateman, Joe Carpenter, Daniel Shattuck, Lester Williams and Robert Stambaugh were lost.

In the third grade Miss Lucile Yeager had the job of speeding us along that road of knowledge. We gained Sue Smith, Ann Burgess, Berlie Riddell, Rosanna Hatton and Shirley Delp. We lost the Andersons, the Bauers, James Greenwood, Sammie Layne, Marie Mays and Sandra Murphy.

We were then lead through the fourth grade by Mr. Robert Wallace, our first male teacher. We increased our number with Larry Barnes, James Brooks, Louise Ross, and Sandra Bateman. This year we lost only one classmate, John Walls.

Our new teacher for the fifth grade was Mrs. Fern Lawson, and we gained Mollie Carr and Betty Autry; however we again lost a few old friends. They were Larry Barnes, Sandra Bateman, Sylvan Edwards, Berlie Riddle, Howard Thomas, and Louise Ross.

Our teacher was Mrs. Lawson again, and that time she had the job of getting us ready for junior high school and the last half of our education at New Winchester school. We gained Richard Coy, Eugene Ralston, Linda Owens, Mary Strahl, Bob Russell, Jane Barlow, Jean Barlow, Janice Barlow and Howard Thomas; and as all classes must lose, we lost Rosanna Hatton, Betty Autry, and Bob Brooks.

Our first year in junior high we learned that no longer would we stay in just one room but that we would have a class sponsor, Mrs. Quick. Joining us were Luella Hemphill, La Vera Mc Coy, Herbert Cary, and Larry Wingfield. Our departing classmates and lost friends for that year were Ann Burgess, Mollie Carr, Mary Strahl and Bob Russell.

The sponsor for the eight year of school during which we prepared for the big jump from grade school to high school was Mrs. Shaffer. Those who did not appear in our classes were Shirley Delp, Eugene Ralston, Luella Hemphill, Herbert Cary, Howard Thomas, and Larry Wingfield. We gained Charlie Hall, Wayne Blanton, and Robert Webster.

Our first year in high school finally arrived, and to start off on the right foot we elected Mrs. Doris Bowman as our sponsor. Carolyn Haverly served as president after the elected president, Wayne Blanton, moved. We gained Larry Creech, Charles Wethington, and Audrey Everts; and lost Dwight Thompson.

Our sophomore year we again chose Mrs. Bowman as sponsor, and we chose Merrill Church as president. We gained Robert Thompson and lost Charles Wethington, Lonnie Dinsmore, Richard Coy and Wayne Blanton.

During the junior year we were all busy selling popcorn, cokes and candy at our home ballgames. We chose Mrs. Bowman sponsor again and Jane Barlow president. For the very first time our enrollment had no changes.

Well, it looks as if we have about caught up with time, for here we are in our senior year and have had seven students who have been enrolled in our class for all twelve years. This year when we have so many decisions to make. Wayne Blanton rejoined us to become our class president; Mrs. Bowman is again our sponsor. We lost only two classmates, Charlie Hall and Audrey Everts. We are eighteen strong and wish to say to the future classes of N.W.H.S.. "Keep on that road. DO NOT SAY GO, BUT GO THYSELF." The seven who have attended for all twelve years are: Barbara Fritsche, Allen Russell, Merrill Church, Carolyn Haverly, Marilyn Steele, Bob York, and Wilma Robinson.

Winchester Warriors,
It's you we're proud of,
and in battle we're hard to fight.
We are proud of our old school colors
which are bright shades of red and white.
We will strive to be undefeated
and in rough spots we will hold through,
Winchester Warriors,
Our fighting Warriors,
There's nothing we wouldn't do for you.

S E N I O R C L A S S P R O P H E C Y

The time; 1965, the place; New Winchester, the event; a reunion of the class of '57.'

"Say," we wondered, "whatever happened to that class of 1956?"

None of us seemed to know anything about that class except that BOB WEBSTER had become a professor at Palomar Observatory in California. Bob had just invented a video-scope, a gadget which could show any person in any part of the world and show where he was and what he was doing. Perhaps Bob could "tune-in" on everyone and help us out.

With this thought in mind, we climbed into our jet and took of to see California and Bob.

Sure enough, Bob said he would be glad to put his new invention to work. Turning a few knobs and pushing a few buttons, he finally got a picture on the screen--not too clear at first, but finally getting better--and there was JACKIE MENDENHALL. Jackie is driving race cars now. He won the 500 and received the winner's kiss from Marilyn Monroe. He liked it so well, he's going to try it again next year.

We asked Bob if he could find the Barlow girls. JANICE isn't very far from home. She is making history at Indiana University by being the first girl center to make the varsity squad! JANE, of course, has become Mrs. Norman Headrick and is living in Florida. She has been blessed with two children. JEAN, or Mrs. Kelly, is living in California; she and Roland are operating a chain of grocery stores.

Speaking of stores reminded us of MARILYN STEELE. Where is Marilyn? The video-scope screen showed us that Marilyn has put her early girl-hood training to good use and is now manager of Macy's Department Store in New York City, New York.

"Where," we asked, "is LARRY CREECH?" Well, for Heaven's sake! Larry is married to Barbara Hutton and living a life of ease and luxury, the both of them singing all day long.

LINDA OWENS came to our minds next. The video-scope showed that Linda has married Mike Garrison and is living in Boston where she and Mike operate a huge inter-state trucking system. The stork has left them two girls and two boys.

We found out that MERRILL CHURCH is really making a name for himself. He has become an expert paratrooper, and his one ambition is to make the jump from another planet and land on Earth.

WILMA ROBINSON really surprised us. She has become the wife of Tommy Manville, and the two of them are operating a chicken farm in France.

The video-scope next brought in the proving grounds of General Motors. There we saw ROBERT YORK. He is testing transmissions and just can't find one that will hold up.

Next, we saw all the glitter and glamour that belongs to Hollywood! Right in the midst, we found BARBARA FRITSCHE. Barbara is now a secretary to the biggest producer in Hollywood.

The scene next changed to a dairy farm in Minnesota. ALLEN RUSSELL is the owner, making $50,000.00 a year, but he hopes he will be able to quit the dairy business soon because there isn't enough money in it.

The next view on the screen looked like a ball park. It was, and we saw WAYNE BLANTON pitching for the New York Yankees. Wayne is the highest paid pitcher in the history of the Yankees-- $75,000.00 a year.

Next, we saw a big college, "Harvard", the sign said. The video-scope showed us the campus and one of the large science buildings. What name should we see on one of the office doors, but BOB THOMPSON. He is the assistant science professor at Harvard during the day and plays cornet with the Lawrence Welk Champagne Orchestra on television at night.

As the video-scope "paned" around the country, we found LA VERA McCOY. La Vera is selling mink coats and even has her own mink farm.

CAROLYN HAVERLY next came into view. Carolyn has graduated from college and has married Vaughn Kurtz. Carolyn is a member of the Floradora girls' sextet and is appearing quite regularly on television.

The video-scope next showed a medical center. SUE SMITH could be plainly seen helping the patients recover by using various therapies. Sue is doing a wonderful job.

We thanked Bob Webster for having found everyone for us. We hopped back into our jet and came home, glad to know that all the members of the class of '55-56' have found their places in the world.

S E N I O R C L A S S W I L L

We, the senior class of 1956, being of sound mind and sound body, hearing of grumblings and discontentedness comming to N.W.H.S. due to our graduation and sudden departure, do upon this first day of March 1956 set our own will upon this paper with no thought to our future needs.

ARTICLE I.

We will that the following, as we have ordained it, be carried out by the junior class in the coming year: We will

To Mr. Walton, a Chemistry laboratory and class that can be kept working.
To Mr. Tackitt, classes that will strive to learn their government.
To Mr. Cochran, a class that can put out a school paper in a week.
To Mr. Leavitt, a track team that can not be defeated.

Being also that there are items not covered by the above wishes we also ordain that the junior class preform the following wishes as soon as those above have been complied with to the best of their ability.

I, Jackie Lee Mendenhall, will my ability to work on cars to Danny Finchum, my muscles, if any, to Don Nicely, and all my carefree hours in the study hall to anyone who will make use of them.

I, Janice May Barlow, will my ability to keep quiet in the assembly to Linda Leonard and my height to Kay Crawford.

New Winchester, Indiana

Dear Friends

Publication of the 1956 high school WARRIOR is a task that requires extensive co-operation from the entire student body and the faculty. In past years, WARRIOR publications have set a high standard, and each succeeding staff must work diligently to maintain that high standard, and if possible to they must lift it higher.

All students look forward with great anticipation to the WARRIOR. It is a history of our school life, our activities, ambitions and accomplishments. It is a book of the past that will be a treasure in future years.

By your continual support of this worthy project, you have enabled our staff to present a WARRIOR that is in keeping with the dignity of our New Winchester High School. The financial success would be difficult without your willing support.

The WARRIOR staff, the Class of 1956, and the members of the student body wish to express their gratitude to you for your assistance. You have been kind to us, and our appreciation is sincere.

We, the members of the Class of 1956, wish to thank especially our parents for their help with all of our class projects and the encouragement that they have given us through our twelve years of schooling.

Yours truly
